

Division: Division of Abandoned Mine Lands and Division of Mine Reclamation and Enforcement (1 award)

Name of award: 2017 Department for Natural Resources Award for Excellence in Reclamation

Nomination criteria:

- A completed Reclamation Project on a Title IV or a Title V site that demonstrates that mining can be completed and the area returned to condition equal to or better than what existed before, ensuring the environmental integrity of the region.

Nomination procedure:

- Nominations are accepted from EEC employees, OSMRE employees, citizens or contractors involved in the Reclamation Project. Nominations will be due on August 1, 2017.
- A Committee consisting of DNR Commissioner, DNR Deputy Commissioner, DMRE Director, DAML Director and DMP Director will review submittals and make the decision of which site will receive the annual award. The committee will take into account the differences in DMRE and AML Reclamation Projects as well as those differences in sites in eastern and western Kentucky.

Award type: Coal sculpture with name plate
